“**Maximum Length**” means 50% of the length of the Road Boundary, and where a Lot has more than one Road Boundary, means 50% of the combined length of all Road Boundaries.
“Metres” when used in relation to height means the height above finished ground level

“Road Boundary” means a boundary between a Lot and any legal road and includes a boundary between any Lot and an adjoining Accessway

“Side Boundary” means a boundary between a lot and an adjoining lot that is not a Road Boundary

“Total Length” means the total length of the fence taken in a line parallel to the road

The Grantor shall not permit any fence or other structure (other than a letterbox, and a fence of the type referred to below) to be erected in the area between the Road Boundary and a line drawn parallel to the Road Boundary with the distance between such line and the Road Boundary being determined by those parts of the dwelling closest to the Road Boundary. The Grantor shall be permitted to erect one fence between the dwelling and the Road Boundary provided that the fence is erected at least one metre from the Road Boundary and complies with the following requirements:

   aa) a curved fence. Diagrams of complying curved fences appear as Example 1 and Example 2 on Schedule A; and

   bb) a fence which is parallel to the boundary but has a return. Diagrams of complying fences with returns appear as Example 3 and Example 4 on Schedule A; and.

The Grantor shall be permitted to erect up to two fences between the dwelling and the Road Boundary provided that the fence or fences are erected at least one metre from the Road Boundary and they comply with the following requirements:

i) The fence or fences are constructed using primarily the same materials as the external walls of the dwelling; and

ii) The fence or fences are either no higher than 0.8 metres, or if the fence or fences are higher than 0.8 metres then for at least half of the length (or combined length where more than one fence is erected) the fence is Transparent; and

iii) The Total Length of the fence or fences does not exceed the Maximum Length. By way of illustration, the Grantee acknowledges that the following types of fences will comply with this restriction notwithstanding that in overall length they may exceed the Maximum Length:

1.15 Effect of Further Subdivision

If Lots 199 or 200 are further subdivided, the provisions in clause 1.13(e) shall apply to the new Lots created by the subdivision as if the references in that clause to the boundaries of Lots 199 or 200 were references to the boundaries of the new Lots, and the Grantor will not permit any fence to be erected within one metre of the point where the common boundary between any two of the new Lots meets the road.
